

2024 car seat check schedule

What is a car seat check?

At a car seat check, nationally certified child-passenger-safety technicians teach parents and caregivers how to properly install and adjust car seats.

Why should I participate in a car seat check?

A car seat check ensures your child is traveling safely. When you meet with one of our technicians, you will learn how to properly fit the seat to your child and the seat to your vehicle.

What do I need to bring?

We ask that you bring your child, if possible. If your child is unable to attend the check, please bring your child's current weight and height measurements. Also, bring your car seat and instruction manuals for the car seat and your vehicle, if available.

What does this service cost?

Our car seat checks are always free of charge, though donations are appreciated.

Where and when are car seat checks held?

The times and locations of our checks are on the back of this card, or you can visit the OSF HealthCare Children's Hospital of Illinois calendar at osfchildrenshospital.org/calendar for event dates and times.

How do I make an appointment?

Find the car seat check you would like to attend and call (877) 277-6543 to make an appointment. Appointments are preferred, but walk-ins are welcome.

2024 car seat check schedule

For appointments, call (877) 277-6543.
